Individuals Name: _____

Relationship to Head of Household: _____

Do you use a wheelchair or walker: _____

Do you use an oxygen tank: _____

Do you have any Special Needs: _____

Do you have any special medical needs: _____

Hurricane evacuation shelters are provided for public use in the event a hurricane evacuation becomes necessary and if you have no other place to go. It is recommended that other arrangements be made with a friend or relative that lives in a well-constructed home, out of the evacuation area, and properly protected to withstand hurricane force winds. You will probably be more comfortable in a less crowded environment among your friends. Remember, alcohol, weapons and pets are not permitted in public shelters.

Buildings used for evacuation shelters are normally public schools that are staffed by Red Cross volunteers. Shelters are always crowded, usually uncomfortable, with long lines to use restrooms and get *food*, and very noisy making it difficult to rest or sleep. Keep in mind that you may have to stay in the shelter for several days.

If you go on a bus from the City to a public shelter, please bring the following items:

- A change of clothing
- Sturdy shoes
- Toiletries and personal items
- 2 blankets and a pillow or sleeping bags
- Identification and any important papers
- Games or toys for children; books for adults
- Any special dietary needs foods as well as non-perishable foods for snacks
- Battery operated radio
- Flashlights and spare batteries
- Special items for infants or elderly family members
- Prescription medications in the proper containers
- Over-the-counter medication you normally take
