City of Galveston hosts GIS Day on November 14

Galveston, TX – November 7, 2023 – The public is invited to attend the City of Galveston’s GIS Day event at City Hall on Tuesday, November 14 from 9 a.m. to 12 p.m.

The City of Galveston is joining hundreds of organizations around the world by hosting GIS Day, an international forum for users of geographic information systems technology to demonstrate its real-world applications. A geographic information system (GIS) is a computer system for capturing, analyzing, storing and displaying data related to geography or mapping.

At the City of Galveston, we use GIS for a wide range of services. GIS is used to track water, storm sewer and sanitary infrastructure. Web maps are available to the public to view code enforcement cases, permit locations and flood maps at <https://gis.galvestontx.gov/>

The City of Galveston’s GIS Day will be held on Tuesday, November 14, at City Hall in Council Chambers and Room 204. This event is open to the public and we invite all to join.

Schedule:

9:00 to 9:15	Kick-off and Introductions
